
ROCKSTAR
BARTENDING

WHO WE ARE

Craft, Community, and *Connection.*

Rockstar Bartending is a woman-owned mobile bartending company serving Toronto and the GTA. We bring elevated bar experiences directly to your event, whether that is an intimate backyard gathering or a large-scale celebration.

Every ingredient we use is sourced with intention. We proudly support local vendors and small producers, working with community suppliers to bring you the freshest, highest quality cocktail experience possible. From cold-pressed juices to house-made syrups, everything is prepared and brought to you.

Our team is hand selected, fully insured and Smart Serve certified. We do not source through agencies. Every person who shows up to your event is someone we have personally vetted, trained and worked with. That is the difference you will feel from the first pour to the last call.
